SUMMARY

Versatile MERN Stack Developer with 3 years of experience in front-end and back-end development. Proficient in designing and building scalable web applications using React.js, Node.js, Express.js, Mysql and MongoDB. Adept at designing and optimizing both the client-side and server-side of applications. A quick learner with strong problem-solving and debugging skills. Collaborative team player eager to contribute to innovative and efficient coding solutions.

EXPERIENCE

MERN Stack Developer, Smartinfologiks   March 2023 - Present

- Developed and maintained RESTful APIs using Node.js and Express.js for seamless front-end integration.
- Implemented secure user authentication and authorization mechanisms using JWT.
- Developed middleware for request validation and authorization.
- Designed and optimized MySQL database schemas to support complex business logic.
- Built reusable React components and optimized them for maximum performance across a wide range of web-capable devices and browsers.
- Implemented state management with Redux for efficient data flow and improved application performance.

EXPERIENCE

Software Developer, Infiny Webcom   February 2022 - February 2023

- Designed and created RESTful APIs using Node.js and Express.js to enable communication between front-end and back-end.
- Built and maintained MongoDB databases to ensure efficient data storage and access.
- Created reusable, high-performance React.js components to enhance the user experience.
- Identified web-based user interactions and developed highly-responsive user interface components using React concepts.
- Integrated **React.js** components with **Node.js** back-end services, ensuring data consistency and smooth user experience.

EDUCATION

Bachelor of Computer Application, VBS Purvanchal University Jaunpur July 2011

SKILLS

- **Back-end Development:** Node.js, Express.js, RESTful APIs, JWT Authentication
- **Front-end Development:** React.js, HTML5, CSS3, Material-UI, Redux
- **Database Management:** MySQL, MongoDB
- **Programming Languages**: JavaScript (ES6+), TypeScript, C++
- **Version Control & Tools**: Git, Postman, Webpack, Babel
